Detailed Action

Applicant is now required to submit a substitute declaration or oath to correct the deficiencies set forth: in order to have priority to the foreign priority document, the foreign priority document number must be included on the declaration in the "foreign priority claim" section. Currently, the declaration has the international PCT number in this section. Applicant must resubmit a new declaration with the foreign priority document number on the declaration in the "foreign priority claim" section.

The substitute oath or declaration must be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability" (PTO-37). Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136. Failure to timely file the substitute declaration (or oath) will result in **ABANDONMENT** of the application. The transmittal letter accompanying the declaration (or oath) should indicate the date of the "Notice of Allowance" (PTOL-85) and the application number in the upper right hand corner.
